## Our Policies in Response to COVID-19 / Coronavirus for 2021

The following guidelines and policies are put into practice daily at our establishment and are influenced by the Wisconsin Department of Health Services recommendations for entertainment and amusement facilities. For more info:

[https://wedc.org/wp-content/uploads/2020/05/COVID-19-Entertainment-and-Amusement-Service-Guidelines\\_1.pdf](https://wedc.org/wp-content/uploads/2020/05/COVID-19-Entertainment-and-Amusement-Service-Guidelines_1.pdf).

### Pre-Admission Screening:

- ❖ Anyone wishing to participate at our facility with signs/symptoms of COVID-19 should have their temperature checked prior to arrival onsite (at home, or school for example). Anyone with a temperature of greater than 100.3 degrees or with other symptoms of COVID-19 are advised to stay home.
- ❖ We do not screen or scan the temperatures of participants who come through our door so be advised that you enter AT YOUR OWN RISK.

### Limited Gatherings:

- ❖ Daily activities at our facility typically involve a gathering of 10 or fewer people, including all participants as well as any spectators. We rarely have to turn anyone away to limit occupancy but feel free to call ahead to verify.
- ❖ Within our 1,000 square foot facility the recommended 6 feet of social distancing is comfortably accommodated and well maintained.

### Face Coverings:

- ❖ All participants are encouraged to bring a face covering whether cloth or disposable masks when entering our facility. You may bring your own covering or we have disposable masks available to customers upon request.
- ❖ We do not require participants to wear face coverings, users may choose to wear them or not wear them at their own discretion. Our staff members may or may not be wearing a mask when you come in but will gladly put a mask on upon request.

### Hygiene Practices:

- ❖ We encourage our customers to wash their hands regularly with soap and water for at least 20 seconds. Hand sanitizer, disinfectant wipes, disposable gloves, and tissues are provided for your convenience.
- ❖ All participants are encouraged to individually mark any soda cans, water bottles, cups, or prepackaged food item. We are happy to provide markers upon request.

### Physical Activity & Equipment:

- ❖ We try to disinfect frequently-used items and surfaces as much as possible but do not guarantee every surface is sanitized between each use. We will clean a surface prior to your use of that equipment upon request or we have disinfecting wipes available if you wish to do so yourself, just ask!
- ❖ Physical contact such as handshakes, high-fives, fist bumps, etc are done AT YOUR OWN RISK. Do not spit (gum, chew, or seeds) onto the floor, tabletop surfaces, or equipment and please cover your coughs and sneezes.

### Closure & Confidentiality:

- ❖ If we receive report of anyone who tests positive for COVID-19 whether before, during or after participating at our facility we will close for the remainder of the day and do a thorough disinfecting of the entire facility prior to reopening. Confidentiality will be strictly maintained and any affected party may report anonymously.
- ❖ If any staff member tests positive for COVID-19 our facility will likewise be disinfected and the premises will be closed to the public for a minimum of 14 days.
